RDA/Mind Builders is proud to announce that the Apple version of **PROTEUS-The Idea Processor** is now double-sided. The "A" side is DOS 3.3 and the "B" side is ProDOS. The side you decide to use will depend on the word processor you are using. Files from the DOS 3.3 side can be read by any DOS 3.3 word processor or Bank Street Writer. The "B" side files can be read by Appleworks or FrEd Writer.
